1. The following *financial report* was presented by Adam:

Operating funds	\$138,252.
Camp funds	"132,601.
Capital improvement fund	** 86,622.
Water capital fund	\$ 21,411.

<u>1.Dam Assessment Report</u> – By Site Design Consultants. The Timber Lake Dam was found to be in satisfactory condition with some repairs recommended. The report was very detailed and the integrity of the dam is not compromised and the repairs recommended are basically to prevent further deteriorization.

<u>2.Camp</u> – Rina reported no problems with the camp with the last day being August 14th, 2015. A member stated that her son was making less than minimum wage as a junior counselor. This precipitated an emotional, heated discussion with accusations of the camp profiting and taking unfair advantage of teenage children and the camp rebutting that they have to balance payrolls against camp fees and that they cannot run the camp at a loss like last year.

The camp, facing economic reality, was also forced to eliminate two specialties (Music & Sports) and to pay staff at a level in line with other day camps.

Maureen Martin made a motion to pay everyone at least minimum wage, seconded by Jo-Ann Ehnes.

This was defeated with Five(5) in favor, Ten(10) against and Seven(7) abstaining.

The following Committees had nothing new to report; Beach, Barn, Social and Road Four.

Meeting adjourned at 12:45 P.M. Motion by John, Second by Gerry, No objections...
